

Arjun Mehta

Machine Learning Engineer
arjun.mehta@gmail.com
+91-9123456789
Mumbai, India

SKILLS

- Python
- TensorFlow
- PyTorch
- Scikit-learn
- Pandas
- NumPy
- SQL
- Docker
- MLflow
- Hugging Face
- LangChain
- AWS SageMaker

EDUCATION

M.Tech, AI & ML
IIT Bombay, 2023

B.E., Computer Engineering
Mumbai University, 2021

EXPERIENCE

ML Engineer — Flipkart, Mumbai (2023–Present)

- Developed recommendation engine using collaborative filtering and deep learning, increasing CTR by 22%.
- Fine-tuned BERT-based models for product review sentiment analysis.
- Built MLflow pipelines for experiment tracking and model versioning.

Data Science Intern — Analytics Vidhya (2022)

- Built customer churn prediction model using XGBoost achieving 87% accuracy.
- Created interactive dashboards using Plotly and Streamlit.

PROJECTS

LLM Document Q&A; System: RAG pipeline using LangChain + FAISS + OpenAI GPT-4. Handles 50-page PDFs with 95% answer accuracy.

Real-time Object Detection: YOLOv8 deployment on edge devices using ONNX Runtime. Achieves 30 FPS on Raspberry Pi 4.

CERTIFICATIONS

- AWS Certified ML Specialty
- DeepLearning.AI TensorFlow Developer
- Google Professional Data Engineer
